

FAVORS MORE KINDERGARTENS

Board of Education Adopts Report Calling for Additional Rooms.

ACTS ON OTHER MATTERS

MEMBERS BALK AT "SUPERVISOR OF PHYSICAL CULTURE."

By adopting a report from the committee on buildings last night, the board of education declared for the opening of two additional free public kindergartens in Salt Lake, to be located, unless present plans are altered, in the Bryant and Hamilton schools. The room to be used for kindergarten purposes in the Bryant school is declared to be an ideal one in every respect, but a room in some school other than the Bryant was recommended before the opening of the term. According to members of the board, the Bryant rooms will accommodate in the neighborhood of seventy children.

In addition to passing on the kindergarten report, the board of education took action on other matters pertaining to the employment of teachers and repairing of school buildings.

For improvements to the various Salt Lake schools, the committee on buildings recommended an expenditure of \$23,000.35. In addition the committee reported enlargements to the Bonanza, Hamilton and Washington schools at a total cost of \$19,000. The report was adopted.

No Physical Supervisor.
The only resemblance to a discussion during the evening arose during the consideration of a report recommending the appointment of a "supervisor of physical culture" for the grammar and primary schools, and the employment of Miss Mary Mayne in the high school as instructor in this department. The majority of the members appeared to doubt the necessity of a supervisor for the primary and grammar grades, while voting with more favor in the high school in the high school.

Mr. Martin expressed the opinion that the "teachers are being supervised" by the board, and that the board is not able to prolong the teachers' lives by acquainting them with calisthenics. The board finally decided to postpone action on the "supervisor" clause of the report.

Summary of Other Business.
Other business was transacted as follows:

Granting Miss Anne Ligan, secretary of the board, and Miss Myrtle A. Kelly, secretary of the city superintendent of schools, each three weeks' vacation.

Employing Miss Pearl Clark as teacher for \$40 per month.

Appropriating \$43.50 to meet salaries and expenses for the quarter.

Accepting the offer of Bro. Terry & Woodruff to furnish books free of charge for public school books.

Providing for the appointment of school census takers, and the manner of taking the census.

Petitioning the city council to construct a roadway between State street and Canyon road in front of the Lafayette school.

Offering to sell to the San Pedro, Los Angeles and Salt Lake railroad all property owned by the board in lot 24, Glendale subdivision, for \$12,500.

Accepting the offer of the Utah Lake route asking the board to fix a price on a trip of property in the Utah Lake route, but not part of the land. The sale of part would be school work, the balance impossible.

IN THE COURTS.

A decree quieting title to several pieces of property in Salt Lake City and additions thereto was rendered by Judge Morse yesterday in the case of the Salt Lake Investment company against M. C. Moon and others.

Judge George G. Armstrong of the criminal division of the district court has returned from his vacation, which he spent at his old home at Bosobel, Wis., and in other localities east of the Mississippi river. He was accompanied on the trip by his wife.

H. L. Seward, a traveling man, who was arrested last week after he had issued a number of checks against a mythical bank account, was adjudged insane in Judge Armstrong's division of the district court yesterday and was ordered committed to the asylum at Provo.

Judge Armstrong rendered a decision yesterday in the district court yesterday in the case of Hugh Anderson against Jasper Conrad and others, which was an action to quiet title to a tract of land ten rods by 11 1/2 feet at the southeast corner of lot 1, block 61, plat A, Salt Lake City survey.

Suit was begun in the district court yesterday by the Utah Association of Credit Men to collect \$2,122.30 alleged to be due from the Tropic Co-operative Mercantile & Manufacturing Institution to the Zion's Co-operative Mercantile Institution. The claim has been assigned to the plaintiff.

Lizzie Jacobson yesterday obtained from Judge Morse a decree divorcing her from Julius Jacobson, to whom she was married May 1, 1891. She showed that Jacobson had failed to support her and that he was a victim of strong drink. Her maiden name, Lizzie Schmitz, was restored to her.

Sabina Phillips, who was taken into custody a few days ago, was given a hearing in the district court yesterday before Judge Armstrong on the charges of insanity and on the testimony of County Physician E. W. Whitney and others was adjudged to be of unsound mind and was ordered committed to the mental hospital at Provo.

Nellie W. Blair has asked the probate division of the district court to issue to herself and J. M. Blair letters of administration on the estate of George E. Blair, deceased, whose assets consist of 30,000 shares of stock in one mining company and several thousand shares in two other mining companies, which at present have little or no value.

A decision giving judgment to the plaintiff was rendered by Judge Morse yesterday in the case of John M. Breze, trustee, and as administrator of the estate of Thomas Price, deceased, against Gilbert Peyton, Ida M. Peyton, Addison Cain and Fernand Hentotin. The judgment is for \$1,600.57, and carries with it an order to the sheriff to sell the property named in the document.

VICTORY WON FOR WASATCH DRIVE

Republican Councilmen Seek in Vain to Block Improvement.

BRIDGE IS ORDERED BUILT

BLACK AND OTHERS OPPOSE PROJECT BITTERLY.

The city council went on record last night as favoring the proposed Wasatch drive by appropriating \$300 to build a bridge over City creek. This action was not taken, however, until after a contest in which Republican councilmen sought to delay action until the next meeting. Councilmen Freese and Hewlett of the Republicans voted for the improvement, however, carrying the day.

When the meeting was called to order President Hewlett called Councilman Hartenstein to the chair. Some of the members contended that as President Hewlett had been elected mayor pro tem he was for the time being incapacitated from presiding over the council, and that a temporary president should be elected by the membership of the council. But as President Hewlett held that as he had not left the city and was not incapacitated by accident or ill health, he was not vacating his position, no vacancy within the purview of the charter had occurred. Hence he could vacate the chair and call another member of the council to it. This he did by calling on Councilman Hartenstein to preside.

The Wasatch drive matter came up as business that was pending when the council hurriedly adjourned Monday night to go to a pizza fight.

Hobday's Sex Reference.

Councilman Hobday wanted it referred for a report to the joint committee on streets and public grounds. Councilman Wells said there was no reason for referring, and declared the movement to refer was simply in the interest of delay.

This statement angered Councilman Hobday and he accused Councilman Wells of "playing cheap politics."

Councilman Wood offered a motion as a substitute for the pending resolution, which provided for appropriating \$1,000 to build the bridge and for the employment of a grader in building it, that \$300 be appropriated and that the bridge be constructed by the superintendent of streets and under the supervision of the city engineer.

Councilman Black moved as an amendment that the bridge be not opened to travel until a fence is erected along the side of the canyon, to keep people from driving off the roadway and falling over the side of the canyon, which at that point has a sheer drop of ninety feet, he said.

Councilman Wells said Councilman Black's substitute was another effort to delay the construction of the drive.

Councilman Wells admitted that his head might be thick, but still it was plain to him that Councilman Black was striving for delay.

At this point in the discussion Councilman Martin waxed wrothy and talked about "wells and his bunch," who were indulging in "the age-long kind of political buncombe," he said.

Hobday's Motion Lost.

After half an hour of further discussion in a similar vein, Councilman Hobday's motion to refer to the streets and public grounds committee was put and defeated by a vote of 7 ayes to 3 noes. The aye votes were cast by Hobday, J. J. Davis, Dean, Fernstrom, Hartenstein, Martin, Freese, Tuddenham, Wells, Wood and Hewlett, and those voting no were Black, A. J. Davis, Dean, Hobday and Neuhausen.

Councilman Martin voted aye after he saw the motion was sure of adoption, and he gave notice that at the next meeting he would ask for a reconsideration.

WILL BE BURIED TODAY.

Isaac Clayton Dunford's funeral in Farmers' Ward.

The funeral of Isaac Clayton Dunford, son of Dr. Alma H. Dunford, will be held in the Farmers' ward meeting house at 2 o'clock this afternoon.

Mr. Dunford was a Mormon missionary. He died yesterday as the result of consumption, contracted while he was working for his living in Germany. Death came to him in the home of his parents in Farmers' ward.

The funeral will take place this afternoon from the Farmers' ward meeting house. He was sent on a mission two years ago to Germany. Last January he was released from the mission. He came home a few weeks ago and sank steadily until death came.

ANGUS M. CANNON ILL.

Relatives and Friends Seriously Alarmed Over His Condition.

Patriarch Angus M. Cannon is seriously ill as the result of a torpid liver, and his relatives and friends are alarmed. For weeks past Mr. Cannon has been in poor health, but nothing serious was anticipated until he was taken seriously ill two weeks ago while directing stone work in Big Cottonwood canyon. At that time he was carried to the home of a neighbor and cared for till he could be removed. Then he was taken to the home of his daughter, Mrs. Fred A. Ellis, 74 North First West, and there he has been since. Dr. William T. Cannon and Dr. Samuel H. Allen are in attendance. They announced last evening that the patient seemed better and thought that with proper care he would rally.

Patriarch Cannon is now in his seventy-second year. He has played a prominent part in the history of the Mormon church and is known wherever the church has secured footing.

AFTER GOLD MINE WAS FOUND AT FIRST BASE, "BILLY" GRIFFITHS' TEAM WON THE GAME

"Why, we skinned 'em, 6 to 5!" declared William Griffiths, the Salt Lake mining man, who has just returned from Rhyolite, Nev.
Mr. Griffiths' statement definitely ends public suspense which has existed since the report of the baseball game between Rhyolite and Beatty on June 1, when Mr. Griffiths discovered a valuable ore while acting as first baseman for the Rhyolite team. The story of his finding the ore while playing ball was first published in The Herald and since that time has traveled all over the country. It has aroused much interest, but the great question as to which team won the game remained unsettled until Mr. Griffiths himself reached Salt Lake.

"So far as the looks of that country goes, I would rather be a lamp post in Salt Lake than mayor of any of the camps," says Mr. Griffiths, "but when wealth is considered, it is practically impossible to over estimate the possibilities of southern Nevada."

The streets committee of the council will investigate an alleged system of graft brought to public attention last night by Councilman W. J. Tuddenham, and will make a report at the council meeting to be held next Monday night.

"There is a matter which I wish to have investigated," said Councilman Tuddenham last night just before adjournment. "Now I don't say that it is true, but if it is, it is a burning shame and should be stopped."

"A man came to me today and told me that he had applied for work to the council last night just before adjournment, and that he was told that in order to get a job he must put up \$1 and must agree to pay over ten percent of his wages each week or month. Now if that is true it ought to be stopped, and it can't be stopped any too soon to suit me," he would suggest that the matter be referred to a committee.

Councilman Tuddenham was asked if he had any preference among the committees as to which of them should make the investigation, and he said any of them would do.

Acting president Hartenstein then passed the matter along to the committee on streets.

The Utah Fire Proofing company has the contract for laying the cement sidewalks, and Fred G. Palmer has the contract for laying gravel walks. The latter is said not to be doing any work at present, having completed all the walks for which he had contracted. Thomas Owens is the manager of the Utah Fire Proofing company.

Reached last night after the council adjourned to see his version of the matter.

New Sidewalk Districts.

Despite much opposition, Councilman Wood last night succeeded in getting ordinances creating three sidewalk districts passed. These districts are officially designated as No. 40, 41 and 42. No. 40 is bounded on the north by the north line of the Jordan river, No. 41 is bounded on the north by the north line of the Jordan river, No. 42 is bounded on the north by the north line of the Jordan river.

The council, at the last meeting, instructed the superintendent of waterworks to purchase a carload of valves and sleeves, "to save extra freight."

Mayor pro tem Hewlett contends the authorization is illegal, as the waterworks cost of the material is not stated in the resolution.

CONTAGIOUS BLOOD POISON.

Contagious Blood Poison more thoroughly poisons the blood than any other disease. Every part of the body is infected when the virus becomes entrenched in the circulation; red eruptions break out on the skin, the mouth and throat swell, the hair falls out, copper-colored spots appear on the body, etc.

I was afflicted with blood poison, and the best doctors did me no good, though I took their treatment faithfully. In fact I seemed to grow sicker and sicker. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disappointed, for it seemed that I could never be cured. At the time I was a friend I then took S. S. S. and began to improve. I continued the medicine, and it cured me completely.

Hamlet, N. C. W. R. NEWMAN.

So highly contagious is this disease that many a life has been ruined by a friendly hand shake or from using the toilet articles of one affected with the disease. To cure this hideous and hateful disease a constitutional remedy is required. S. S. S. goes down to the very root of the trouble and forces out every particle of the virus from the blood and cures the disease permanently. S. S. S. is purely vegetable and drives out the trouble, root and branch, and no signs of it are ever seen again.

Those who have been cured by S. S. S. can feel assured that none of the poison is left in the blood to transmit to innocent offspring. The entire body is built up and the blood made pure, rich and healthy by this great remedy. Book with instructions for home treatment and any medical advice desired will be given free of charge.

Mr. Eldredge imparted the interesting information yesterday with a slow smile that indicated he would not weep if the register continued blank throughout his administration.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

SSS PURELY VEGETABLE.

Utah has evidently seen its best days as a home for big game. County Clerk Eldredge reports that he has not issued a single bounty certificate since the new law went into effect. There is a nice, new bounty register there, but its pages are as yet unsullied by touch of pen.

Mr. Eldredge imparted the interesting information yesterday with a slow smile that indicated he would not weep if the register continued blank throughout his administration.

45-47 MAIN STREET

Married in Salt Lake.

Parties to Double Tragedy Discussed by Relative.

Mrs. Lula Norwood of Bingham Junction, sister of Thomas Dodgson, who was shot and killed by his wife in the double tragedy at Portland on Tuesday, was unable to shed much light on the double domestic relations of the two. Mrs. Norwood said that the couple were married in Salt Lake June 2, 1904. After living here about six months, at 337 South West Temple street, they moved to Bingham.

The woman was a widow named Mrs. Gertrude Lee when she married Dodgson, but Mrs. Norwood was unable to say whether she was a Salt Lake woman or not. Since the Dodgsons went to Portland a year ago Mrs. Norwood has heard from him but once, and he knew nothing of their family relations.

DIED.

KASOVIC.—In this city, July 5, 1905, Joe Kasovic, a native of Austria, aged 26 years. Remains are at O'Donnell's undertaking parlors.

FUNERAL NOTICE.

The funeral services of Henry Kedington will be held this afternoon at 2 o'clock at the Tenth Ward meeting house, Fourth South and Eighth East streets. Remains can be viewed at the parents' residence, 1114 East First South, from 12 Friends invited.

boundary of plat "C" on the south by the south line of Ninth South street, and on the west by the west line of Redwood road.

Automobiles Are Barred.

The council, under suspension of the rules, passed an ordinance forbidding the use of automobiles in City Creek canyon, at the request of Councilman Wood.

There was considerable discussion over the request for the removal of one of the powder houses and quarry Monday afternoon at 3 o'clock, for the purpose of clearing information.

The report of the joint special water and sewer committee recommending the enlargement of the sewer system at an expense of \$25,000 additional to the \$150,000 voted by the people of the city was read and laid over until the next meeting.
